COMMISSION TO STUDY NEXT WAR EQUALIZATION MEETS IN WASHINGTON ON THURSDAY

WASHINGTON, March 5.—(P)—A commission composed of members of the cabinet, the senate and the house, met today to work out a plan for "equalizing the burdens" of the next war.

Secretary Hurley, chairman of the commission created by congress, announced one of the purposes of the inquiry would be to "develop policies whereby the economic burdens of war will fall with equal weight on every element of our citizenship."

He said the commission would seek the "reasons why in the government's efforts to supply its needs in all past wars, opportunity has been presented to some individuals to reach extraordinary thanclal profit, while others have been called upon to bear more than a proportionate share of the burdens" than a proportionate share of the burdens."

JURY FINDS KING OF UNSOUND MIND IN SANITY HEARING

T. J. King. 70, recently tried and convicted on a murder indictment in connection with the fatal shooting of his wife, Mrs. Elia King. 58, in December, last year and who was granted a new trial in the Thirteenth Judicial district court Tuesday morning, due to reported irregularities, was found to be of unsound mind in an insanity hearing in the county court late Tuesday afternoon.

court late Tuesday afternoon.

King was found sane on an insanity hearing in December, later being indicted by the grand jury. He was given five years in the recent trial in the district court. A motion for a new trial was filed by defense attorneys recently.

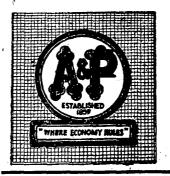

The defendant plead not guilty when arraigned recently for the murder trial, by reason of insanity.

Coolidge Woman Follows Husband In Death in Week

MEXIA, March 4.—(Spl.)— One week after her husband died of pneumonia, Mrs. M. A. Sanders, 51, died Saturday night at the home of her daughter, Mrs. W. F. Griffith, 607 North Sherman street, from the same malady. On Feb. 21, J. J. Sanders, her husband, died after having taken suddenly ill while visiting her daughter here. Their home was in Coolidge.

Funeral services for Mrs. Sanders were held at the Riddle Funeral Home Sunday afternoon with the Rev. E. E. Rogers officiating. Interment was in the city cemetery.

Mr. and Mrs. Jack Fallis of the Corbet community had a son born Monday morning. Both mother and baby are doing nicely.

Felt Bad After Fating

Before I started taking Black-Draught, three years ago, my health was very bad," writes Mrs. C. C. Carson, 945 constantly from I had headache "I suffe when I got up in the morning, and I felt dull and sluggish. I hardly ate a meal that my food agreed with me. Frequently I would have gas on my stomach, and felt awful.

"I read about Black-Draught, and I thought it might help me. After I had taken it a little while, I felt much better. It relieves constipation. I keep it on hand so when I need a laxative I will have it. In the three years I have been taking it, I have never found anything as good for constinution."

COMFORT

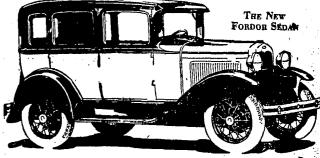

Every new Ford is equipped with four Houdaille double-acting hydraulic shock absorbers

ONE of the fine things about driving the new Ford is the way it takes you over the miles without strain or fatigue. No matter how long the trip, you know it will bring you safely, quickly, comfortably to the journey's end.

The seats are generously wide, deeply cushioned and carefully designed to conform to the curves of the body. Every new Ford has specially designed springs and four Houdaille double-acting hydraulic shock absorbers. These work both ways - up and down. They absorb the force of road shocks and also provide a cushion against the rebound of the springs.

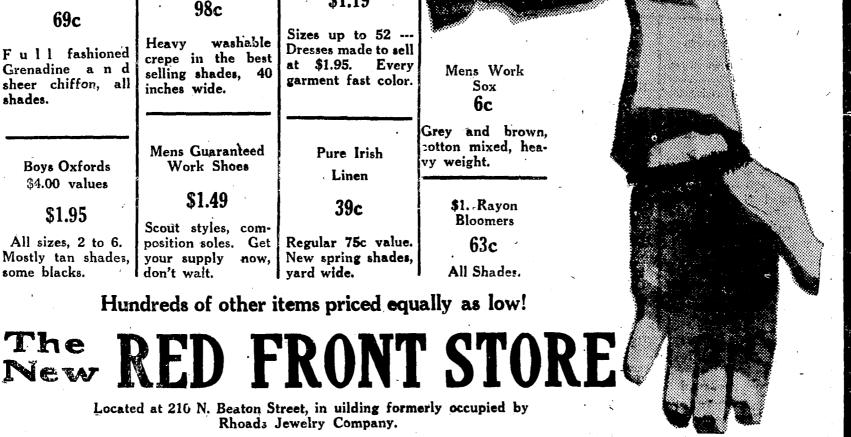

Other features that make the new Ford a value far above the price are the Triplex shatter-proof glass wind shield, silent, fully enclosed four-wheel brakes, more than twenty ball and roller bearings, extensive use of fine steel forgings, aluminum pistons, chrome silicon alloy valves, torque-tube drive, Rustless Steel and unusual accuracy in manufacturing.

In addition, you save many dollars because of the low first cost of the new Ford, low cost of operation and up-keep, and low yearly depreciation.

amali cost. You can purchase a Ford on economical terms through Authorized Ford Finance Plans of the Universal Credit Company,

"I also would provide that the amendment shall not be effective unless and until it shall have been ratified not by the legislatures but by constitutional conventions," Raskob said.

"This plan," the chairman said, "prevents the return of the salon."

"There is great confusion about the terms wet and dry," he sæid.
"It is felt by many that many of our Southern states desire to remain dry" he continued, assuring that under his program of state control these states could do so and still retain the cooperation

of the other states.

"We cannot in one breath call ourselves a democratic party of a liberal party and deny the people this right in the next," he declared

ple this right in the next," he declared.

He urged that the party strive to take the government out of business, give relief to commerce and trade and advocated the clarification of its tariff policy. He asserted that it should not attempt to try to artificially keep up prices. He suggested that right be granted business to combine where the move is in the public interest and economically sound.

Adjournment was taken for luncheon after a two hour meeting. Upon reassembling later, the committee was slated to hear Chairman Raskob's own statement in regard to party policies.

Alfred E. Smith, democratic standard bearer in 1928, sent word he would attend the afternoon session.

The meeting took on the appearance as well as the spirit of a regular party convention.

The prohibition issue overshadowed completely in preliminary talk and speculation the announced sprincipal objective of the gathering—approval of plans for liquidating the party's \$661,914 debt. Southern members of the committee and proxy holders, joined by the representatives of New York and some others came to the session determined to squelch any of this unless conditions justify it. Representative McDuffie, democratic whip of the house, was the other Alabama representative at the meeting, holding the proxy of Mrs. Charles J. Sharp, national committee woman.

Texans All Set.

Seated together on the second row, three Texans, Tom Love, Maury Hughes and Col, R. E.

TEXAS GOVERNOR WIRES ROCKEFELLER AND HOOVER ON OIL

(Continued from Page 1) Rockefeller. "I present this situ-ation for your most earnest con-sideration, hoping that the cooper-

sideration, hoping that the cooperation of your company may be secured and opportunity be had to find a way out of a most serious situation."
Governor Sterling's wire to the president was brief. It follows:
"You are familiar with the critical oil situation in the Midcontinent' fields and efforts being made by governors of states affected to find solution of problem and work out a somewhat uniform program. The Standard of Indiana has just announced a crude price cut in this territory. I fear this will upset the entire program. I feel I should call the matter to your attention for your consideration and such helpful action as you may find possible to tion as you may find possible to

Producers in Kansas, Oklahoma and Texas told him, Wilbur said, that the governors of those states were considering urging President Hoover to call a conference immediately to work out a solution for the industry's problems.

Wilbur declined to commit himself on whether, as chairman of the oil board, he would urge that organization to sponsor a conference on the basis of information at hand. He said, however, he would do all possible to assist the distressed petroleum industry, meanwhile gathering more facts. He added:

NEODESHA, Kas., March 5.—(A)

—The Standard Oil company of Kansas announced today a reduction in the prices to be paid for crude oil ranging from 22 cent reductio on low gravity oils to 40 cents reduction on higher gravities

The reduction was announced as effective immediately and was explained by company officials as a measure to meet competition. The Standard of Kansas has its refinery here.

OKLAHOMA CITY, March 5.—
(P)—Governor W. H. Murray today moved in as virtual directrof oil production in Oklahoma
when at his request the state corporation commission took action
to rescind its order of yesterday
increasing allowable flow from the
Oklahoma City field.

All three members of the commission were agreed to follow the
fequest of the governor. Paul
Walker, chairman, informed Murray the former allowable flow of
125,000 barrels daily would be substituted for the newly permitted
150,000 barrels.
C. C. Childers, member, consented. E. R. Hughes, third
member, had favored the low run

WICKERSHAM BODY INTIMATE TIME NOT **ENOUGH FOR WORK**

By JOHN F. CHESTER
WASHINGTON, March 5.—(AP)—
The Wickersham commission faces
the posibility of being money-loss
before completing the gigantic
crime survey task assigned it by
President Hoover.

Members of the commission, and
those close to it, said without
hesitancy today that unless the
work is speeded to the limit, the
expiration on July 1 of the remainder of the \$250,000 appropriated by congress may find unpublished several of the 10 criminal surveys planned. bestancy today that unless the work is speeded to the limit, the expiration on July 1 of the remainder of the \$250,000 appropriated by congress may find unpublished several of the 10 criminal surveys planned.

"We should have six months after that date if a finished job is to be done," said Judge William S. Kenyon. "We should have com-

pleted our prohibition report six months sooner." Whether or not the commission

desks are clean, however, the end of the fiscal year will necessitate the abandonment of its extensive suite of offices and the release of
a sizeable clerical staff. There
will be no money to pay them
unless it is obtained from private

sources.
Spurred by this prospect, 10 of the 11 members plunged today in-to a consideration of reports upon "lawlessness among government officials, and "penal institutions, probation and parole."

spending little, yet having adequate beauty supplies. N

As a part of our money saving campaign, let me suggest that skin tonics can be done away with, or rather, that several things can be sustituted which I consider equally effective. Let me repeat that, if money means nothing to you, it's awfully nice to have pretty bottles, which, by drawing up lax muscles and large pores, make the skin feel nice and give it a sort of bloom. But if you need money for other articles, try these skin tonics, which, you can make at home and which cost nothing.

The first is only salt and cold water. You know how wonderful your face feels when you have been in the ocean. Well, throw a small handful of salt into a basinful of water, after you have washed your face, and rinse with this. You can buy sea salt in bags very cheaply and use this, or table salt. Let me repeat cheap, thood in the country was simply coarse salt, containing plenty of iodine, and very healthy. An attempt came later to make table salt fine and white, and we found the iodine had gone. Now they put it back again in a sort of de lives salt, idized, for your health and to prevent goitre. Salty cold water draws up lax muscles, shrinks, and makes it look and feel healty, which makes the skin feel delicity that the same that time which the time

You can also use witch hazel which makes the skin feel delicious, and look well when powdered. This is also an astringent and a tonic, and large bottles of it cost very little. It is paritcularly good for a lax, oily skin.

Elenor B.—If you will send a self-addressed envelope, I shall be glad to mail you the information about reducing through the diet. Your method of caring for your skin appears to be excellent, except for leaving the cream sneared over it all night. This is cor-

worthless may file an amended return for the year in which the debt was ascertained to be worthless and not charged off.

Bad debts may be treated in one of two ways—either by deduction from gross income or by deduction from gross income or by deduction from a reasonable reserve for bad debts. Permission to adopt the reserve method is limited to taxpayers having a large number of accounts. It is not granted for the purpose of handling one edific debt. Partial deductions are allowed with respect to specific debts only.

The burden is upon the taxpayer to show that a debt claimed as a deduction was without value during the taxable year. A statement should be attached to the return showing the propriety of any deductions for bad debts. If in the exercise of sound business judgment a taxpayer concludes, after making every reasonable effont to determine whether there is likelihood of recovery, that the debt is of no value, deduction for such debt is allowed. Court action is not a requisite.

The cotton market had a fairly steady opening today despite rather unfavorable Liverpool cables. First trades here showed one point decline to two points up. The market improved after the start owing to prospective bad weather at the end of the week and the reported delays to planting the early crop in South Texas. May traded up to 11.49 and October to 12.02, or 3 to 4 points above the opening figures. At the end of the first hour the market was steady and at the highs.
